Profile : We have excellent facilities for CNC Turning,
 Cylindrical Grinding and Cylindrical Lapping and honing
 Suitable for products demanding.

- **Very high surface finish** (*Ra= 0.07 microns*).
- **Very close tolerance on ID and OD**..... (*Upto 3 microns*).
- **Circularity**..... (*Upto 0.4 microns*).
- **Cylindricity**..... (*Upto 3 microns*).

Achievements : Our organization is headed by a qualified
 Mechanical Engineer trained in UK. We specialize
 in the manufacture of various types of
 PISTON-CYLINDER assemblies, as an import
 Substitute, in which the use of Teflon or rubber seals are not
 permitted for the following industries.

- **PHARMACEUTICALS** : Seal less Pump for dosing and filling ampoules, vials
 and prefilled syringes for Injectable Liquid Filling
- **PACKAGING INDUSTRIES** : Spare Parts for laminated Tube manufacturing
 Machines such as Dosing Nozzle, Ejector Pin and Bush, Top Seal heater Punch Etc.
- **AERO SPACE INDUSTRIES** : High Precision Ground and Lapped, matched – fit
 components (with the clearance of 2 to 3 microns) from a minimum size of
 ID 7 x 150 long to a maximum ID 80 x 210 long

Some of our satisfied costumers are
Godrej & Boyce Mfg. Co. ltd., Cadmach Machinery Co. Pvt. Ltd. Garden Silk Mills
Ltd., Essel Propack Ltd., Petals Group, Kambert machinery Pvt. Ltd. Snowbell Machines
Pvt. Ltd. GlaxoSmithKline Pharmaceuticals Ltd. Sovereign Pharma Pvt. Ltd., Sun
Pharmaceuticals Ltd. Indian Immunologicals Etc.

**We manufacture ampoule and vial filling Syringes for All Indian and also imported
 machines such as Bosch, Strunk, MAR, Groringer etc.**
